

Technical data

- Pushbutton 2, 4, 6, 8, 10, 12 single / double pressure motion buttons
- Weight approx. 390g (10, 12 buttons)
- Size 193x57x51mm(2-8 buttons)
- Size 230x57x51mm(10, 12 buttons)
- Frequency band 915 MHz
- Channel space 12.5 kHz
- Number of available on/off command max. 24 + Start and EMO
- Hamming distance ≥ 15
- Radio communication bi-directional
- Frequency handling
- Automatic and dynamic switching between 2 channels
- Power supply LR6(AA)1.5V / NiMH(AA)1.2V x2
- Stop command response time ~ 50 ms
- Command response time ~ 50 ms
- Protection degree IP65
- Operating and storage temperature (-25°C)~(+55°C) / (-40°C)~(+85°C)
- Housing material PA6 (GF30%)
